- 3.) Record vs. the overall league
- 4.) Goal differential
- 5.) Least penalty minutes

Procedure for any tournament game resulting in a tie after 3 periods of regulation play:

- 1.) 5 minute 5v5 sudden death overtime
- 2.) 5 person (per team) shootout (home team decides which team goes first; no player can be used twice until all eligible players on a team have gone once; if score remains tied after 5 players have gone from each team, then a single elimination shootout begins; players in the penalty box or disqualified from game cannot participate in shootout)

In deciding seeds for the tournament, if a tie in regular season record between two or more teams exists, then the following procedure will be used to decide tie breaker:

- 1.) Head to Head
- 2.) Record vs. your division
- 3.) Record vs. the overall league
- 4.) Goal differential
- 5.) Least penalty minutes
